**SUPPLEMENTARY INFORMATION:**

*Title:* Contact Lens Rule (Rule), 16 CFR Part 315.

*OMB Control Number:* 3084-0127.

*Type of Review:* Extension of a currently approved collection.

*Abstract:* The FTC promulgated the Rule pursuant to the Fairness to Contact Lens Consumers Act (FCLCA), Pub. L. 108-164 (Dec. 6, 2003), which was enacted to enable consumers to purchase contact lenses from the seller of their choice. The Rule became effective on August 2, 2004. As mandated by the FCLCA, the Rule requires the release and verification of contact lens prescriptions and contains recordkeeping requirements applying to both prescribers and sellers of contact lenses.

Specifically, the Rule requires that prescribers provide a copy of the prescription to the consumer upon completion of a contact lens fitting and verify or provide prescriptions to authorized third parties. The Rule also mandates that a contact lens seller may sell contact lenses only in accordance with a prescription that the seller either: (a) has received from the patient or prescriber; or (b) has verified through direct communication with the prescriber. In addition, the Rule imposes recordkeeping requirements on contact lens prescribers and sellers. For example, the Rule requires prescribers to document in their patients' records the medical reasons for setting a contact lens prescription expiration date of less than one year. The Rule requires contact lens sellers to maintain for three years records of all direct communications involved in obtaining verification of a contact lens prescription, as well as prescriptions, or copies

thereof, that they receive directly from customers or prescribers.

The information retained under the Rule's recordkeeping requirements is used by the Commission to determine compliance with the Rule and may also provide a basis for the Commission to bring an enforcement action. Without the required records, it would be difficult either to ensure that entities are complying with the Rule's requirements or to bring enforcement actions for Rule violations.

On February 8, 2013, the Commission sought comment on the Rule's information collection requirements.<sup>1</sup> One comment was received, from the American Optometric Association ("AOA"). That comment stated that the majority of the information collected by the FTC is accurate, but it provided alternate figures for some data, expressed disfavor of passive verification, and sought more effective enforcement of the Rule. Data provided by the AOA is reflected in updated burden estimates set out below and are addressed in more detail within the Agency's "Supporting Statement for Information Collection Provisions of the Contact Lens Rule," which is available upon request from the FTC contact officials and separately at [www.reginfo.gov](http://www.reginfo.gov).

As required by OMB regulations, 5 CFR Part 1320, the FTC is providing this second opportunity for public comment.

*Likely Respondents:* Contact lens prescribers and contact lens sellers.

*Estimated Annual Hours Burden:* 1,594,981 hours (derived from 685,514 hours + 909,467 hours).

- *Contact Lens Prescribers:* 633,333 hours (38 million contact lens wearers x 1

minute per prescription/60 minutes) + 52,181 hours (1,043,613 wearers x 3 minutes/60 minutes) = 685,514 hours

- *Contact Lens Sellers:* 852,625 hours (10,231,500 wearers x 5 minutes/60 minutes) + 56,842 hours (3,410,500 wearers x 1 minute/60 minutes) = 909,467 hours

*Estimated Annual Cost Burden:* \$48,991,000 (rounded to the nearest thousand), which is derived from (\$52.80 x 685,514 hours) + (\$14.07 x 909,467 hours) = \$48,991,340.<sup>2</sup>
